WILL ORGANIZE A GYMNASIUM CLASS

Steps have been taken to organize a local business men's gymnasium at the Y. M. C. A. The physical section committee of the Y. M. C. A. met last night and appointed a committee consisting of Ludwig Wm. Hlford, Rev. M. E. Dutt, Lorenzo Delgado, B. T. Mills and W. B. Hoke to boost for the business men's class and they were out today working the project up. They met with considerable encouragement, and the success of the class is already assured. Additional equipment will be installed in the Y. M. C. A. gymnasium and everything put in first class shape. Almost every city of any consequence has a class of the kind mentioned.

SNEAK THIEVES MAKE ANOTHER GOOD HAUL

The barn in the rear of the residence premises of Geo. H. Kinkel was broken into Sunday afternoon and a trunk stored therein, together with other household effects, was rifled of its contents, among which were an overcoat and a suit of clothes, being kept for winter wear by the owner. There is no clue to the thief, who may yet be nabbed with the garments on his person.

Frightful Fate Averted

"I would have been a cripple for life, from a terrible cut on my knee cap," writes Frank Disberry, Kellier, Minn., "without Bucklen's Arnica Salve, which soon cured me." Infallible for wounds, cuts and bruises, it soon cures burns, scalds, old sores, boils, skin eruptions. World's best for piles. 25c at all druggists.

Mr. F. G. Fritz, Oneonta, N. Y., writes: "My little girl was greatly benefited by taking Foley's Orino Laxative, and I think it is the best remedy for constipation and liver trouble." Foley's Orino Laxative is mild, pleasant and effective, and cures habitual constipation. O. G. Schaefer and Red Cross Drug Co.

ner in the gold. During the panic of 1893 other bankers looked upon Walsh as a marvel. They told their customers to go to Walsh; that he had gold. And he had.

The railroads were the beginning of Walsh's trouble. He started to complete the Indiana Southern railway; he planned to build it from Chicago and Indianapolis from the north, Ind. Walsh was in coal, and he needed an outlet for his mines. The road did not cost him much—at least, nothing like the \$10,000,000 it cost the original builders.

And then, too, it was the realization of his third ambition.

It was about twelve years ago that Walsh began to deviate from the straight business of banking to that of promotion or the making of speculative investments. With the purchase of the Southern Indiana, Walsh's financial operations began to multiply. These led to his downfall.

A hat full of coal lasts all night in COLE'S HOT BLAST

That is a tremendous fact for users of heaters.
Your fire is never out!

A hat full of coal in a Cole's Hot Blast burns all night, and in the morning instead of building the fire, shivering in a chilled room and waiting for the fire to heat up, you open a draft only.

And there is fuel enough left to warm up nicely.

We not only say this. We guarantee it, and our word is backed by the largest manufacturer of soft coal heaters in America.

We guarantee a saving in fuel of a third. This is a conservative guarantee. You really save one-half to 60 per cent of your winter's fuel bill by using this stove.

In fact, our guarantee on Cole's Hot Blast is

Burns Any Fuel—Soft Coal, Hard Coal, Wood or Cobs.

F. J. GEHRING,

516-518 Douglas Avenue.

the most sweeping statement ever put behind a heater, and it puts us in the lead of all stove dealers.
Let us show you this remarkable heater—this clean stove—this continuous fire holder—this expensive outer—this beauty.

Cole's Hot Blast \$10 Up

Take note that this heater burns soft coal, hard coal, wood, slack, lignite or cobs—and we guarantee it against any heater, size for size, at twice or three times its price.

Ours is the Original Cole's Hot Blast, with the name Cole's on the feed door.
